# NORTHROP, KING & CO.'S

## MISCELLANEOUS PRICE LIST

April 5, 1922. Prices subject to market change.

Evergreen lawns can be maintained through the hot, dry summer months with a mulch of Pulverized Sheep Manure and Bone Meal at the rate of 500 lbs. per acre

### FERTILIZERS

#### N. K. & Co.'s Sterling Garden and Lawn

500 lbs., sufficient for one acre.....	10.50
Per sack containing 100 lbs.....	2.40
Per sack containing 50 lbs.....	1.30
Per sack containing 25 lbs.....	.70

#### Steamed Bone Meal Fertilizer

Per 500 lbs.....	10.00
Per sack containing 100 lbs.....	2.40
Per sack containing 50 lbs.....	1.30
Per sack containing 25 lbs.....	.70

#### Pulverized Sheep Manure.

One of the best fertilizers for lawns.

Per ton.....	37.50
1000 lbs.....	19.50
Per 100 lbs.....	2.25
Per sack, containing 50 lbs.....	1.30
Per sack, containing 25 lbs.....	.70

#### Raw Bone Meal Fertilizer

Per ton.....	\$52.00
1000 lbs.....	27.00
500 lbs.....	14.00
Per sack containing 100 lbs.....	3.00

#### Nitrate of Soda

Per ton.....	81.00
Per sack containing 200 lbs.....	8.50
Per sack containing 100 lbs.....	4.50
Per sack containing 50 lbs.....	2.50
Per sack containing 25 lbs.....	1.35

#### Acid Phosphate

Per ton.....	27.25
Per sack containing 125 lbs.....	2.00

#### Ben Franklin Agricultural Gypsum

(gypsum fertilizer or land plaster) greatly benefits the growth of clovers, alfalfa and other legumes, including Beans and Peas, as well as Cabbage, Turnips, Potatoes, Onions and certain other plants.

Agricultural Gypsum is a preservative and deodorizer of barnyard, stable and henyard manure. It holds the ammonia thereby preserves the nitrogen until it is ready to be applied to the soil. Sprinkle a few handfuls of Agricultural Gypsum on the manure pile in the stable or on the henroosts. Besides preserving the ammonia, it gives a clean, sanitary, odorless condition about the stables.

Agricultural Gypsum should be applied at the rate of 400 to 800 pounds to the acre for garden crops and 200 to 400 pounds to the acre for field crops.

Per Ton.....	\$18.00
Sack 200 lbs.....	2.00

#### Anaconda Treble Superphosphate

Phosphate Fertilizer that Unlocks Good Crops. 44% Available Phosphoric Acid. Nearly THREE TIMES AS STRONG as the ordinary low-grade 16% Acid Phosphate, so requires only a third as much per acre.

**EFFECTIVE CHEAP CONVENIENT**  
Buy Available Phosphoric Acid as a Plant Food in this Concentrated Form.

**ANACONDA TREBLE SUPERPHOSPHATE** is produced by combining rock phosphate and sulphuric acid by a process which brings the Available Phosphoric Acid up to about three times the strength of ordinary acid phosphate, viz., 44% or better.

#### "JUST A BAG AN ACRE"

**ANACONDA TREBLE SUPERPHOSPHATE** fills the bill with the farmer and crop producer, because it gives as much available phosphoric acid in one bag as he has heretofore been able to buy in three bags of ordinary acid phosphate of the 14% or 16% variety.

#### RECOMMENDATIONS

**CORN**—125 lbs. per acre, when fertilizer is dropped in the hill with fertilizer attachment; 200 lbs. where it is drilled in rows; 300 to 350 lbs. can be used with better results as follows: 100 lbs. drilled in with fertilizer attachment, and 200 to 250 lbs. broadcasted.

**POTATOES**—Apply one-half to two-thirds through fertilizer attachment of grain drill or lime sower, and the remainder through fertilizer attachment on potato planter. 375 to 1,000 lbs. per acre should be used.

**SMALL GRAINS**—200 to 400 lbs. should be used on small grains, especially where clover or hay follows; the grain crop will not use all the plant food and the clover or hay crop following will benefit by a fairly heavy application to the preceding grain crop.

**SUPPLEMENTING MANURE**—Sprinkle 20 to 30 lbs. to each ton of barnyard manure to bring the manure up to proper balance in phosphorus.

Bag 125 lbs.....	\$4.35

# NORTHHRUP, KING & CO'S WHOLESALE PRICE LIST FOR DEALERS ONLY

## DISCLAIMER

Northrup, King & Co. do not give, and their agents and employees are forbidden to give any warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. Purity and germination tests are mentioned for guidance only and without guarantee. WHEN NO BRAND IS SPECIFIED ON ORDERS WE WILL SHIP NORTH-  
LAND BRAND.

## NORTHLAND BRAND

The greatest value for a reasonable price, of uniformly superior quality, carefully selected for purity and strong germination. The Northland Goose is on Every Bag.

**STERLING BRAND**  
For those who want the best. Un-  
excelled for purity, germination, plumpness  
and color.  
Look for the Sterling Trade Mark.

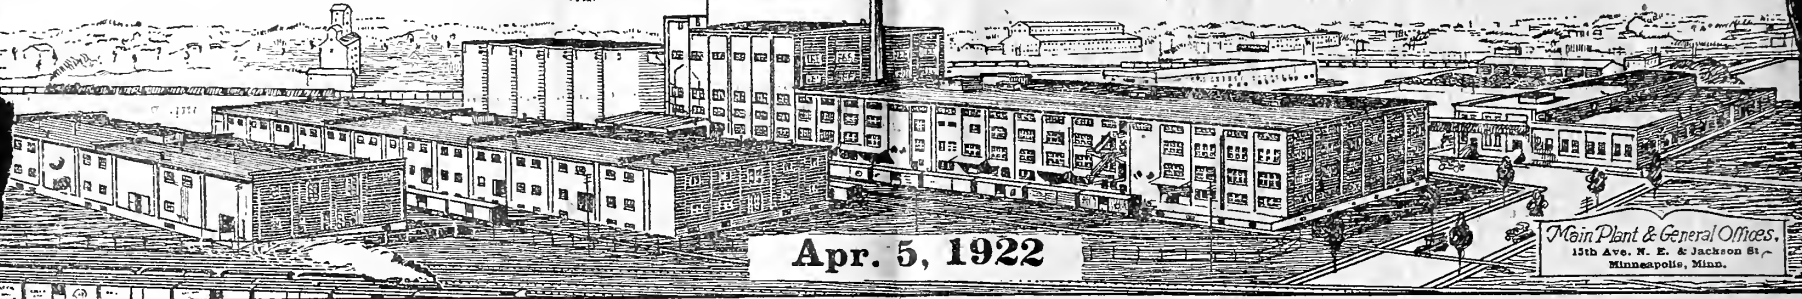

## TERMS

Below we give today's jobbing quotations, which are for immediate shipment and strictly subject to market fluctuations. Goods ordered at open prices, invoiced at our lowest price date of shipment. Terms, Net Cash, subject to demand draft. F. O. B. Minneapolis, no charge for cartage. Sacks extra, at value. Should our prices appear higher than those of other houses please send for samples and compare qualities. These prices are based on orders for unbroken packages. Where less than full bag quantities are ordered, a shade higher price is necessarily charged to pay partly for extra labor. MANIFEST ERRORS EXCEPTED.

## VIKING BRAND

Lowest in price, consistent with depend-  
able quality. Strictly re-cleaned and tested  
for purity and germination.  
Every Bag Branded with the Viking Ship.

Apr. 5, 1922

Main Plant & General Offices,  
15th Ave. N. E. & Jackson St.,  
Minneapolis, Minn.

## STERLING BRAND CORN

Under this heading our Corn will be packed in Sterling Branded Bags.

Our Seed Corn should not be confused with ordinary seed which can usually be bought for a lower price. We have been growing and breeding seed corn for thirty-seven years and the stock we offer is dependable and worth much more than corn which has not received the care and attention which we give it.

All of the following varieties are of our own growing and were produced either in Minnesota, North Dakota or Wisconsin during season of 1921.	per bu.
Minnesota Early Yellow Dent	1.65
Wisconsin Early Yellow Dent	1.65
